

Magnum Dolly

The Magnum Dolly is a versatile dolly that is equipped with a hand crank-able center column that has a 40cm (16") lift range. The retracted column has a capacity of 300kg (660lbs) or 180kg (396kg) when extended. The wheels are adjustable to provide crab, any combination of two wheel steering, or circular positioning. Provided in the Magnum kit are four risers; 4", 6", 12",18", two seats w/adjustable swing arms, and swing away steering column. The Magnum comes standard with a Euro mount but can be easily fitted with a Mitchell mount.
